An Online Catalogue of Creative Gifts, Foods, Skin Care, Art, Photography, Furniture, and other Home Décor Items

## Testimonials for AdirondackCraft.com prepared by Holmes & Associates

AdirondackCraft.com can be your marketing and sales department on the Internet (or can be another one of your online outlets). We not only provide an attractive display and compelling description of your products, we also provide the same responsive customer service that you provide directly to your customers. Both the producers displaying their products and the customers making purchases have expressed their appreciation for the service we provide.

One of our earliest producers and supporters is **Jane Desotelle** of Underwood Herbs, who recommends AdirondackCraft.com to other producers and who believes "it has been a great opportunity to gain exposure and sales from the Internet."

**Pat Paddock**, owner and operator of Southern Cross Trading Company in Lowville, counts AdirondackCraft.com as one of the top ten outlets for their products, and as one of their most productive online retailers for their popular cherry chairs.

Here are just a few of the accolades we have received from satisfied customers over the past 5 years:

Just wanted to let you know that the chairs arrived yesterday. We are very, very pleased with all aspects - the chairs are absolutely beautiful and of such high quality, your service was wonderful, and they arrived so quickly. Thank you for this great business that supports local craftspeople while providing high quality items to customers. *Deb, Orange MA*

I've received the replacement part. Thanks again for outstanding service and a wonderful (made in the USA!) product. I'll be sure to tell my friends. *Mary Alice*

Received my Welcome Sign Today. It's great!! Thanks so much for getting it here so quickly. I will remember the great product and service the next time I'm looking for something fun to give. *Kathleen, Hopewell NJ*

Thanks for your attentive service and excellent customer relations. The Teapot was received in Mississippi along with a note from the artist, and the gift recipient was delighted. It is the only Adirondack teapot in her collection, but I don't think it'll be the last. *Jim, Dover DE*

The earrings that I purchased made by Winona Porcupine Quill Jewelry are absolutely beautiful and the workmanship is impressive. I received them in a very timely manner. I plan to order another set. *Sheila*

The silhouette came the day after Christmas, saving me the trouble of gift-wrapping. The silhouette was my wife's favorite present; her "totem" is the Great Blue Heron, which we often see while kayaking around here. *Alan, Bartlesville OK*

Just wanted to tell you that my order arrived yesterday and I absolutely LOVE the items I purchased, the moose coat rack paddle is beautiful as are the switch plate covers. *Jean*

Please tell Jane that our kitties continue to have an absolutely WONDERFUL time with her catnip toys!! *Linda, Austin TX*
